# Prairies of Rochester

**Did you know** that Rochester is home to several prairie sites that host native plants and provide food and shelter for many species of birds, bugs and mammals?

**You're invited** to a FREE presentation by **Jacob Ryg**, Rochester's City Forester. Jacob will discuss:

- The status of native prairie sites in the Rochester area
- Why prairie habitat is important
- What is being done to preserve and improve these locations

Join us to learn more our city's efforts to provide natural experiences for citizens.

---

**Date:** Tuesday, Feb. 26th

**Where:** Quarry Hill  
Nature Center

**Times:** 7 - 8pm
