Join us for the first Wasi Oju lecture of 2012, featuring Dr. Constance Arzigian, who will offer an overview of past cultures in our area, from big-game hunters at the end of the Ice Age to the first farmers at 1000 A.D.

All participants are invited to stay and meet with Dr. Arzigian and to enjoy Dakota snacks after the lecture!

This series is presented in partnership with: Celebrate Dakota!, a Mayo Employee Resource Group, and
